Google Chrome is a fast and powerful web browser, and it also works great with its own built-in apps, like Password Manager and Google Drive. Hi, My name is Sam and I'm the author of this post. I'm glad that you found my tips useful. I'll be grateful if you can share with your friends. I value your opinion and if you can let me know about my ideas, it'd be much appreciated. Thanks. It would seem all of this is for the Google play store. I tried it on two Android devices, however it did not work. I also tried it on two iPads and it failed to work. When I would play the app, it would only go black. Then I would have to close it out and restart. I had the same problem when I opened the app on my iPhone 6. I tried it on my desktop computer and it said the file was corrupt. I have tried to fix it with no luck. So it looks like you are right, this is Google play store, but I am unsure how. Hey, thanks for your feedback. It is nice to know that you like the app and got a good experience with it. Let me ask you a few questions. Did you get the 94e9d1d2d9
